2. HETEROSEXUAL? NEIN DANKE!

web search: how to be in a boy-girl relationship that's not giving tom and jerry???
did you mean: UNSUBSCRIBE.

ah yes, as a woman who loves men, you must also want to give up your life and dreams and take motherhood "head on" w/o any painkillers doing unpaid labor for your "newfamily", subsumed into a new social unit(y) that actually means being under the possession of yr husband.

we've come a long way but it's still true. the heterosexual industry (let's say) is a STRAITJACKET that exploits YOUR base desires for sex/romance/love/belonging in order 2 squeeze all the labor out of you all the while claiming it's all a part of YOUR IDENTITY as a woman.

do you

a. revoke your sexuality for the sanitized, capitalist "girlboss ceo" form of "girl power"? or
b. embrace the male gaze for the "baddie" office siren basically-porn-recycled microtrend form of "girl power"?

if you chose A, congrats!!! you are now functionally a man with fewer rights. if you chose B, congrats!!! you are now a slightly more prized object than you once were. either way, please continue to uplift yourself and nobody else.

THAT is the end goa

plus, guys r just so CRINGEEEEE. i'm sorry straight boy your alpha wolf protector front is NOT making me want to fuck you! or anyone with more than half a brain!!!! it's on you to

- learn how to be sincere
- cultivate a personality that is likable and agreeable
- balance your fucking desires with common sense (girls have been doing it way longer, let me tell you)
- find friends who uplift you w/o putting others down

bc if it WASN'T on you, then guess who's doing all the emotional work?

but you know all this. yr just used to getting away with it.

UNSUBSCRIBE and suck my dick.

EASY ANSWER: open your eyes to the inherent grossness of hetbros and throw up forever.

HARD ANSWER: unlearn misogyny and UNSUBSCRIBE from capitalistic hetero mating rituals.

- block and scroll everything trying to sell yr own sexuality back to you
- IMPORTANT: get a LIFE!!!!!!
- be spontaneous, be successful, be joyful, be hot, be sexy, do whatever you want and have fun. the glamor dies when the phone is always on. UNPLUG.
- be STRAIGHT without the STRAITJACKET of "hetero dating culture"

3. never beating the beatlemania allegations

(trying to downplay it) yeah i like the beatles. i actually love the beatles. i got into them in aug 2024 after years of passively making fun of them. then i went and listened to them and DAMN. DAMN DAMN DAMN !!!!!

it all started when i was entranced by paul mccartney's beautiful brown orbs and feminine eyelashes. i thought it was fun to make it my pfp, and then, like naming a chicken you're about to kill, i got attached to it.

music-wise, my fave has gotta be george, dude. he was so cool. he made the beatles cool. he wrote WITHIN YOU WITHOUT YOU dude. how do you even.

if this had been 3 years ago, i would've gone INSANE for a fandom with this much new content.

alas i am medicated, so no more prancing around rooms screaming at 12am for me. but i still like them.

(lol i don't condone cheating, abuse, racism, misogyny or circle jerking. well, maybe that la one can stay.)

(and my fave is john.)

if you're reading this i should tell you right now LAZINESS IS NOT REAL. i was "lazy" for 15 fucking years of my life turns out i have adhd and it was eating me up inside. 15 years of my life wasted on guilty pleasures and slip and slide grades. missing out on growing up.

if you suffer from chronic laziness GET HELP FROM A **PSYCHIATRIST** (NOT A PSYCHOLOGIST). YOU ARE ILL. THAT'S OKAY. HELP IS AVAILABLE.

LAZINESS IS NOT REAL. PRODUCTIVENESS IS NOT A MEASURE OF VALUE. I LOVE YOU. I VALUE YOU. NOT BECAUSE YOU GAVE ME MONEY OR WHATEVER BUT BECAUSE YOU WERE CONSIDERATE ENOUGH TO GIVE ME YOUR TIME.

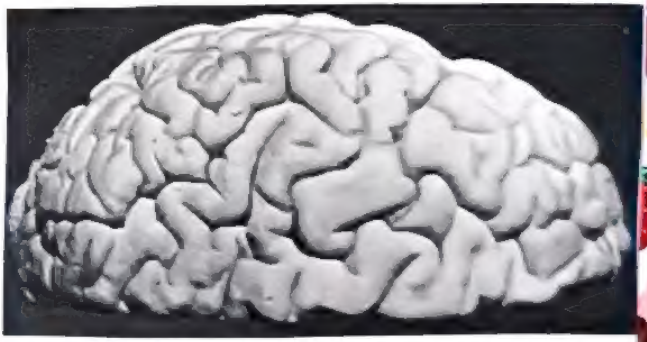
god, so serious...



the drug i take is called CONCERTA (methylphenidate). it's a less intense version of ADDERALL (amphetamines). i got my prescription from Bs. Khánh Linh at CMI in Q3, HCMC. my session cost 1.8mil and each subsequent short session cost 900k. i get the meds from Pasteur Pharmacy for 1.5mil a bottle (30 pills), but since they limited imports at the end of the year, i got referred to a private supplier in Q3 who actually charges less. CONCERTA saved 90% of my life. maybe it can save yours too.
